August 12, 2015

Dear Joseph,

Thank you for your generous donation of a check for \$1,000 to sponsor two classrooms of filled backpacks for our Backpack Attack 2015 project.

All children, even those living in poverty and homelessness, share the excitement of that first day of school. With your help, we will be able to insure hundreds of needy school children in the Merrimack Valley start off their school year with new backpacks and the school supplies needed to have a successful year. They will have the opportunity to open their desks and fill them with new crayons, newly sharpened pencils, pens, rulers, notebooks and other supplies from their new backpacks, just like all the other children in their classroom will do. They also will receive the message that someone out in this world cares about them and believes they can succeed. What a wonderful gift you have given!

On behalf of these children (and their parents) who will receive the gift of school supplies and the gift of your belief in their worth, we pass along their heartfelt gratitude to you.

Sincerely,

A handwritten signature in black ink, appearing to read "Donna Hunnewell".
